

Mrs. Paul C. Dietz – President 1932 & 1933

By Brad Cook, Historian

Mrs. Paul C. Dietz election as president was announced in the newspaper, and her picture resides in the SLWG archives. Her husband was a beloved mathematics teacher at the Principia School.

As for her name, it was proper etiquette of the day when formally announcing a married woman's name to refer to her by her husband's name. Research has yet to yield her actual name, but the search continues.
